mg per capsule contains:

DISCLAIMER:

WARNINGS

Do not use if sensitive to any of the ingredients, including to members of the pea family and stop use if any symptoms of allergies develop. If symptoms of the illness persist for longer than a week or worsen, reoccur, or are accompanied by a fever, rash, or persistent headache, discontinue use, and consult a healthcare provider.

If you suffer from a chronic medical condition, consult your healthcare practitioner before using the capsules. If you are diabetic, have a heart condition, use blood-thinning or any other chronic medications, especially ARV (anti-HIV) medicine, take the capsules only under supervision of a healthcare professional.

Not suitable for use during pregnancy or while breastfeeding. Discontinue use 2 weeks before any surgery.
